

## Science Outreach Resources

Updated 12.14.20

### Resources

- ASM Article: [Making Science Outreach Inclusive: Beyond Standard Paradigms](#) (Sept. 2020)
- [ASBMB's Science Outreach & Communication Website](#)
- [iBiology's series of talks related to Science Outreach](#)
- [InterSECT Job Simulations related to Science Outreach and Education](#)
- ASCB Article: [The Key Ingredients for a Successful Science Outreach Event](#) (Feb. 2020)

### Fellowships

- [ASHG Genetics Education & Engagement Fellowship](#) (Application deadline: Feb. 2021)
- [L'Oreal USA for Women in Science](#)
- [AAAS IF/THEN Ambassador Program](#)
- [Community Engagement Fellows Program](#)

### Science Outreach Opportunities

- [Baltimore Underground Science Space \(BUGSS\)](#) has many opportunities for scientists and professionals to share their research and passion with the community
- JHU's chapter of [Project Bridge](#)
- [SOURCE](#) - Community engagement and service-learning center for SOM, SPH and School of Nursing
- [Center for Educational Outreach](#) - Whiting School of Engineering
- [Center for Social Concern](#) - Homewood Student Affairs
- [Johns Hopkins Science Policy Group](#)
- [Fun with Science Summer Camp](#) - JHU Department of Biophysics & Biophysical Chemistry
- [Chesapeake Digital Health Exchange](#) - JHU Technology Innovation Center
- [MERIT Health Leadership Academy](#)
- [The Maryland Science Center](#)
- [BioTechnical Institute of Maryland](#)
- [Skype a Scientist](#)

### Final Tips

- Read lots of popular science material and participate in online science communication. Think blogs, talk to other science outreach/communicators, volunteer/network.
